

CORE Back of the House Poster Distribution Guide

Be part of a larger community by participating in CORE's Days of Service during the week of August 6, 2023. Days of Service is a national campaign designed to bring awareness to Food & Beverage industry workers with children of the resources that are available to them through CORE when they face a health crisis, major injury, death, or natural disaster. To participate, you choose your day of service during the week of August 6, and distribute CORE: Children of Restaurant Employees Back of House posters to food and beverage service businesses in your community. On top of helping bring awareness to CORE's mission, participating can also be used as a fun team building activity that gives back! With your help, we can reach individuals in your own backyard that may qualify and need the support of a CORE grant!
