Subject: New Collaboration: **Company** and CORE Join Forces for Employee Well-Being!

Dear **Company** Team,

We hope this message finds you well. We are thrilled to announce our partnership with CORE: Children of Restaurant Employees, a national nonprofit that provides financial relief to food & beverage service employees with children when they face a life-altering medical crisis or natural disaster. As part of our commitment to supporting our community, we have joined forces with CORE to enhance the well-being of restaurant employees and their families across the country.

CORE understands the unique challenges those working in the restaurant industry face, and their mission aligns perfectly with our values. By collaborating with CORE, we aim to provide a stronger support system for food and beverage service employees, helping during times of need and providing a hand-up to those facing difficult circumstances.

Together, with CORE, we're not just envisioning a more resilient community – we're actively creating it! We are honored to partner with CORE, and as a valued member of the **Company** family, your commitment and contributions are pivotal to this transformative journey.
